July 26<sup>th</sup> - August 1<sup>st</sup>  
in Lebanon

The first female football festival to take place in Lebanon, *Our Game, Our Goals*, runs from July 26th to August 1st 2015. Teams from Egypt, Jordan, Libya, Palestine, Lebanon and Germany will play a tournament in Beirut. There are also 4 days of workshops and football practice with girls between the ages of 11-18 in four different regions: North (Salem Zgharta), South (Sour), West (Bhamdoun) and central (Nejme). The festival is co-organised by DISCOVER FOOTBALL and the Girls Football Academy of Beirut, Lebanon.

*Our Game, Our Goals* has a clear message: Prior to the FIFA U-17 World Cup held in Jordan in October 2016 we want to show that **football is for everyone**. We want to celebrate the power of football by showing exciting matches between professional women's football teams from the Arab region and beyond. We want to invite girls to show us how they claim the pitch and get the ball rolling through our workshop sessions. Football for us is more than a game: **We want to provide a platform for sharing our stories, discussing women's rights, challenging gender stereotypes and start taking action.**

Visitors are welcome to watch the international matches, entrance free. Girls from 11-18 can join the workshops and football practice for free.
